

CITY OF ROGERS

Parks and Recreation Department • 315 West Olive
Rogers, Arkansas 72756 • Phone 631-0336

March 4, 2005

To Whom It May Concern:

At Mayor Womack's request, the City of Rogers Parks and Recreation Department began using X-1R products in department vehicles and equipment in 2003. We have utilized the full line of X-1R products, including the 2 cycle and 4 cycle oil lubricants and all temperature, all purpose greases.

Since beginning use of X-1R products, we have experienced no major engine or transmission failures. This is approximately a 50% improvement over past conditions. In the 2 cycle category of parks equipment, previous normal daily usage 8 hours per day caused complete wear in 1 year or less. With the use of X-1R products, this equipment has been utilized 2 years and is still operational. This product line has generated significant savings in equipment operations.

If further information is required, please contact me at 479-644-5024.

Sincerely,

A handwritten signature in cursive script that reads "James R. Welch".

James R. Welch
Director, Parks and Recreation
